DD/R # 319-62

6 July 1962

**MEMORANDUM FOR: Chief, Salary and Wage Division
Office of Personnel**

**SUBJECT: Supergrade and "PL 313" Requirements,
DD/R**

1. In response to your request, there are listed below total supergrade and "PL 313" (in the absence of a more appropriate term) position requirements for all presently foreseen components of the DD/R. For the sake of completeness, we have included presently existing positions (noted as such). In the single listing below, the following will serve as a key. If no "PL 313" positions were established, all positions shown would be supergrade. If "PL 313" positions were established, those positions marked with an asterisk(*) would still be formal supergrade requirements, while those not so marked would be "PL 313".

Recapitulation:

Grand total SG and "PL 313" requirements -	27
Less: Already established -	4
New requirements -	23
If "PL 313" positions allocated:	
"PL 313" requirements -	17 (all new)
SG requirements -	10 (6 new)

2. The split between supergrades as such and PL 313's is made on the basis of whether the technical or managerial content of the position appears controlling: we have designated SG's where management appears the more important, PL 313 where technical qualifications predominate. The distinction is somewhat arbitrary and is subject to further consideration.
